Barbara Haig, four year Area 10/Q Coach Administrator, announced her retirement from the Area Staff at the end of her current term of office during Monday night's area board meeting. Barbara has served the area faithfully during her tenure, growing our world-class coaching program to new heights, and assuring player development for players throughout Area 10/Q.

One of the hallmarks of Barbara's tenure has been the growth of our outstanding area coach camp, resulting in the training of hundreds of Intermediate and Advanced coaches at this annual event.

The process is now underway to find Barbara's replacement, and applications for this important position are being accepted by Area Director, Tom Lebens, for a term of office beginning on April 1, 2012.
